- Personal Reflection: This Psalm was written for David’s day and time, but it is so relevant for today. You see David had a hope that comes from God through the life, death, and resurrection of Jesus Christ. We can also have this hope if we have surrendered to the call of Jesus Christ on our life. If you and me have surrendered to Jesus and we are walking in His light, His desires, leaving all else behind, putting Him first and walking with Him, then we have that wonderful hope that when we leave this life that we will step into eternity where Jesus will greet us and say welcome home My good and faithful servant. Do you have this hope? If you do not, let’s start a conversation.
